MESSAGE
From Head of Primary

Dearest Students and Parents,

Reflecting on the academic year 2019-2020, I feel very proud to be a part of a successful school despite the many challenges we have encountered. Little did we know what awaited us in the last months of the year, as we embarked on the great learning journey in August 2019.

Primary school yearbooks are the best of gifts for students, as well as parents, as these yearbooks immortalize the beautiful memories of school days. Yet even more, this yearbook is a unique one, as it highlights great moments of change, experiences and celebrations in our learning journey of 2019-2020, achieved through the dedication of the ARIS community driven by the its' core values and beliefs to inspire, empower and transform for a better world.

Indeed, Primary education is the very Foundation years in which we instill in our students, great attitudes, profiles, character, moral values, skills and conceptual understandings. These attainments were not hindered by the pandemic; instead, we learned that with the *greatness in everyone,* we could adapt to change, which has now become the trend of the 21st Century. What we thought we would achieve in three years, we did in 3 months! This was possible through our *passion* and dedication for what we believe in, and through our collaboration together and with you, as a team.

Thanks to our wonderful students, parents and staff for making this year a success, and to those moving on, we wish them all the very best!

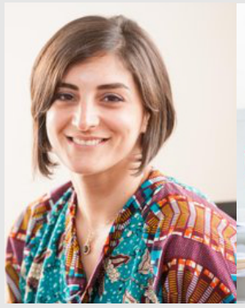

We look forward with hope and prayers, despite the uncertainty of these times of the pandemic, for yet another exciting and memorable academic year for 2020-2021.

Kindest Regards,

Dania Sadek

(Head of the Primary Years Programme)

MESSAGE
From Head of Secondary

Welcome to the 4th Edition of our School YearBook 2019-2020. It is a great privilege and pleasure to be a part of this edition. This School year is one of the most challenging and unique for all of us. I am very pleased to see that we overcome all challenges and publish this edition.

The school yearbook is just like a rainbow, it captures, reflects, and showcases the diversity of thoughts, creativity, activities, and various other areas of the young souls of the school. Every Year, this yearbook brings out new thoughts and innovative ideas of our community of learners.

I express my sincere thanks to all the students for their commitment and support during this difficult time.
I also extend my thanks and congratulations to the team of Year13 students whose creativity, leadership, and hard work make this Yearbook published on time, even in this difficult period.

My heartfelt gratitude goes to Madam Farah for her hard work, dedication, creativity, and effort to publish this Year Book.

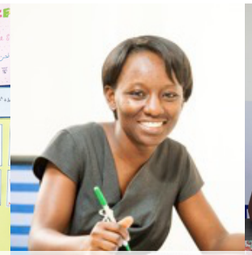

I am hopeful that this Year Book will be liked by all.
I wish you all the best.
